

To Whom It May Concern,

As a resident of El Dorado Hill, CA KLOVE provides me and my family the opportunity to listen to "family oriented" music and commentary. KLOVE's programming is enjoyed by many of my firends and helps to fill a spriritual need during the week for our community, which is largely Christian. I believe it would be a disservice to loose KLOVE's programming because of its high standards for clean wholesome commentary, uplifting positive music, general community news and involvement.

Thank you.
